Skills and accomplishments

Space Explorers: The ISS Experience

Documentary in 360° 3D Virtual reality
4 x 30:00

The joys, wonders and dangers of life in orbit seen through the eyes of eight astronauts living aboard the International Space Station.

- Catalogued 200+ hours of material during an edit that spanned 24 months (± 75 days offline / episode)
- Contributed to the writing of scenes and story arcs
- Collaborated with archival research to elevate storylines
- Created numerous temporary 2D VFX shots throughout the offline process
- Brainstormed thematic ideas for multiple cutdowns and spinoffs
- Winner: Emmy Award & Canadian Screen Award - Outstanding immersive non-fiction
- *Read letter of recommendation*

Microphone

Music documentary
13 x 60:00

A series of informal and intimate musical concerts performed by an unlikely pair of singer-songwriters.

- Handled creative co-director duties in post-production
- Scripted individual storylines for each invited guest
- Conceived and executed complex music editing
- Coordinated workflow and deliverables with ingest, sound post and online teams
- Winner: Gemini Award - Best directing in a music program

Maman, pourquoi tu pleures ?

Documentary
1 x 60:00

A look into the current state of perinatal mental health for women.

- Reviewed and selected sensitive interview material subjected to oversight by an independent mental health professional
- Contributed to music research to find the right feel for certain scenes
- Created promotional material
